“Silent-comedy legend Harold Lloyd goes west in this irresistible blend of action, romance, and slapstick invention. The bespectacled everyman is at his inimitable best as Harold Hickory, the gentle son of a prominent lawman who lives in the shadow of his rough-and-tumble brothers. When a travelling medicine show rolls into town, it brings with it excitement, the possibility of love, and a chance for Harold to prove his mettle. Deftly balancing Lloyd’s brilliant sight gags and thrilling set pieces—including an epic, knock-down, drag-out fight aboard an abandoned ship—with one of the actor-filmmaker’s most fully realized, root-for-the-underdog narratives, *The Kid Brother* is a hilarious and heart-warming high-water mark of early screen comedy.” Criterion

Genuine Wurlitzer Music
played by Australian & International musicians

The Wurlitzer Unit Orchestra (Theatre Organ) was developed for the purpose of accompanying silent movies to create an atmosphere appropriate to the action as it happens on screen.

TOSA owns and maintains two of these Wurlitzers in excellent condition. The Marrickville Town Hall provides outstanding acoustics that enables both the artist and audience to really enjoy the music presented by this genuine Wurlitzer.

The Orion Theatre installation provides a true theatre environment including theatre lighting to create the perfect atmosphere to enjoy the wonderful sound of a genuine Wurlitzer.

TOSA presents up to 8 shows a year with Australian and International artists playing a variety of music from movies, musicals, and a wide range of composers including big band arrangements. Music for all generations.
